Course Registration Process

Review the resources and registration steps below, to help you learn how to register, before you log in to MySJSU.

- **Textbooks**
- **MySJSU Tutorials**
- **Registration Resources**
- **MLIS Regular Session Registration Steps**
- **MLIS Special Session, MARA, Informatics, MSIDT and BS in Information Science and Data Analytics Registration Steps**
- **Changing Your Program Plan at SJSU**

Be sure you understand the information on the general registration overview page before you begin using the information on this page.

Textbooks

All textbook selections are listed on the iSchool site. When choosing courses, make sure you can afford the required textbooks. If you use a different source for textbooks (such as the bookstore's site), remember to use the INFO prefix when you look at the listing.

MySJSU Student Tutorials

Registration Hold? Visit the Registrar's Holds Explainer

Add a Class

1. Go to **one.SJSU.edu**.
2. Select the **MySJSU** tile and sign in with your **SJSU ID** and **password**. See the Password Help page if you have difficulty logging in.

3. There are a few ways to start adding a class under the **Student Center**.
   A. Under **Academics: Enrollment** section, click the drop-down menu, select **Add Classes**.
   B. Click **Search** on the right column
   C. Click **Enroll** on the right column
4. Select the **term** you wish to enroll.

5. Select the **Class Search** radio button, then click **Search** bar.

Note: You can use MyScheduler (see the yellow highlighted bar) -- an optional tool that lets you create and compare multiple class schedules based on your course preferences and other commitments.

6. Enter at least 2 search criteria:
You can use **Additional Search Criteria** to narrow your results e.g. search by **Mode of Instruction**:
7. **Select** the course that you wish to enroll.

Course details such as the **class name**, **days & times**, **room**, and **instructor** will be displayed along with the class **status**:

- A **green circle** means the class is **open**.
- A **blue square** means the class is **closed (full)**.
- A **yellow triangle** means the class has a **waitlist**.

To **check prerequisites**, click the blue links either under the **class** (A) or **section** (B) column:
Once you click the **blue link**, the **class details** will show as below. Go to **Enrollment Information** to see prerequisite(s):
8. What to check before you click **Next** to put the class in the Shopping Cart

A. If the class is full, and you want to be on the waitlist, you need to check the **Wait list if class is full** box before you proceed.
B. If the class requires a permission number(add code), add a permission number in the box before you proceed.

9. You will see the class or classes you selected in your **Shopping Cart**. When ready, click **Continue**.
10. Click **Finish Enrolling** to complete your registration.
11. View results page for any errors. If something appears, go to the Common Registration Issues page to troubleshoot.

12. Review your schedule in **My Class Schedule**. Select **List View** to confirm it's been added.

View My Enrollment Appointments

1. Go to one.SJSU -> Sign In using SJSU ID and Password.
2. Select MySJSU.
3. Navigate to Student Center > Enrollment Dates on the right side - Enrollment Dates Page displays.
4. Select a term.

   Note: If an enrollment appointment for your term is not listed, contact the Office of the Registrar.
5. Click Continue - Your enrollment appointments for the term you selected display.

Drop a Class

1. Go to one.SJSU -> Sign In using SJSU ID and Password.
2. Select MySJSU.
3. Navigate to Student Center.

4. Under Academics, from the drop-down menu, select Enrollment:Drop.
5. Click Go - The Select Term Page Displays.
6. Use the drop-down menu to select the term in which you wish to drop a class (for example, Spring 2019).
7. Click Continue.
8. Check the box by each class you want to drop, and then click Drop Selected Classes.
9. Review your selection and click Finish Dropping.

Waitlisting

SJSU has “waitlisting” for all classes. Waitlisting puts you in line to get a space in a closed class, should a space become available before the end of the Advance Registration period.

Where do I sign up?

You may sign up for waitlist via MySJSU. If a class is full, you may place yourself on a waitlist.

Waitlist When You Add Classes

- Navigate to ‘add classes.’
- At “Step 1, Select classes to add,” search for your preferred course.
- If the class is full and the waitlist option is available, you will see the yellow waitlist icon.
- To place yourself on the waitlist, you must click the checkbox next to “Waitlist if class is full.”
- You will be returned to Step 1. You must complete the remaining steps of the process to add classes.

- When you finish enrolling in the class, you will see a message indicating that you are on the waitlist and your current position number on the list.
- Monitor your waitlist position by navigating to “My Class Schedule” at MySJSU.

View My Unofficial Transcript

1. Go to one.SJSU -> Sign In using SJSU ID and Password.
2. Select MySJSU.
3. Navigate to Student Center.
4. Under Academics, from the drop-down menu, select Transcript: View Unofficial.
5. Click Go - Your current unofficial transcript displays.

   Note: If you need official transcripts, click on order official transcript link in Academics section.
6. Print Unofficial Transcript from this page.

View My Grades

1. Go to one.SJSU -> Sign In using SJSU ID and Password.
2. Select MySJSU.
3. Navigate to Student Center.

4. In the Academics section, use the other Academic drop-down menu to select Grades.
5. Click Go - The View My Grades window displays.
6. Select the appropriate term, and then click Continue to view your official grades for selected term.

Set My Preferred Email Address

1. Click the MySJSU Sign In link (in original window), and then enter your SJSU ID and password.

   Note: These instructions opened in a new window. We suggest you click the MySJSU Sign In navigational link in your original window (at top of page) so you can still refer back to these instructions after you have logged in.
2. From the Personal Information section of the Student Center, click Edit Email hyperlink.
3. Either add an email address or change one of the existing addresses.
4. To set this address as your preferred address, select the Preferred checkbox.

Reset My PIN

1. Click the MySJSU Sign In link (in original window), and then enter your User ID and password.

   Note: These instructions opened in a new window. We suggest you click the MySJSU Sign In navigational link in your original window (at top of page) so you can still refer back to these instructions after you have logged in.
2. Navigate to Self Service > Student Center.
3. Under Personal Information, use the other personal drop-down menu to select.
4. Personal Identification.
5. Click the double-arrow symbol next to the menu.
6. Type in a new 4-digit number for your PIN.
7. Click Save.

How to View Payment Due Dates
1. Go to MySJSU (http://my.sjsu.edu/) and click the Login to MySJSU button.
2. Enter your User ID and Password and click the Sign In button.
3. From the Student Center page (your homepage), scroll down to Finances.

4. Click the View Due Date hyperlink.
5. The Charges Due and Due Date(s) display

How to Make an Online Payment
1. Go to MySJSU (http://my.sjsu.edu/) and click the Login to MySJSU button.
2. Enter your User ID and Password and click the Sign In button.
3. On your web browser, disable your pop-up blocker or add MySJSU as an allowed site in order to continue to pay online.
4. From the Student Center page (your homepage), scroll down to Finances.
5. Click the Pay Now button.
6. Click Click here to make a payment.

Registration Resources

Fees

Regular Session | Special Session

Applicants, admitted students, and continuing students are responsible for checking their MySJSU accounts daily to review all areas of their accounts (Finances, Payment Due Dates, Holds, Messages, To-do and Enrollment Dates), for status updates, communications and due dates from Financial Aid, the Bursar, Registrar, iSchool student services and instructors. A Student Center Overview tutorial is available.

There are two types of fee structures for School of Information students, **Regular Session** and **Special Session**. See information below regarding each fee structure by program.

Fees are paid to Cashiering Services, a part of the Bursar's Office.

Pay fees on time! If your payment is late, you will lose your placement in the classes for which you've registered. You will receive the due date at the time you register. Locate your payment due date in the **Finances** section of your MySJSU account. The university does not send bills. The university charges a $25.00 per class late fee for classes added after the close of registration.

Methods of Payment

The SJSU Bursar's Office accepts the following methods of online payment:

- eCheck (no fee)
- Credit Card (non-refundable 2.9% service charge)
- International Wire Transfer (There is no fee charged by either the University or per transfer for international wire transfers. However, the bank you use to send the wire transfer will probably charge a fee, so check with that bank for the fee schedule.)

For step-by-step instructions on how to pay online, see How to Make an Online Payment [PDF].

Online payment transactions must be completed by 11:50 p.m. on the payment due date to avoid enrollment cancellation.

Problems with Fees: iSchool Student Services does not have access to your financial records in MySJSU and cannot view your payment due dates or financial aid award information. If you have any problems regarding fees, please contact your Account Specialist in the Bursar's Office. Please include student ID, student name and department name (for the department name, please use either **MLIS** or **iSchool**).

Regular Session Fees – MLIS Only

MLIS students in Regular Session (per their zip code) pay a **flat rate** based on the number of units they enroll in each semester, rather than paying by unit. The California State University system sets this fee structure. There is one fee for Regular Session students who take up to 6 units in a semester, and another fee for students who take more than 6 units in a semester. Thus, Regular Session fees are based on the number of units a Regular Session student chooses to take each semester. Regular Session fees include mandatory SJSU fees. See the university's fee information here.

After completing at least 19 units, Regular Session MLIS students will have the option to retain their designation as a Regular Session student, or change their designation to Special Session. Regular Session MLIS students may want to change their designation, in order to gain access to additional electives offered in Special Session. To compare Regular Session and Special Session fees, view our fee comparison chart. For more information about changing student designations, please view our Advising FAQs (Regular Session vs. Special Session). Note MLIS students who decide to change their designation from Regular Session to Special Session, will not be eligible for the CSU or CalVet fee waiver program, and will not be eligible to receive any financial aid from the State of California. Unfortunately, we are not able to process switches for Regular Session Teacher Librarian Credential-Only students. (We can only help with switches for MLIS regular session students).

Financial aid information is available at www.sjsu.edu/faso/.

Installment payment information may be found at: https://www.sjsu.edu/bursar/payment-refunds/installment-payment-plan.php. Note: there is a $33.00 non-refundable installment plan fee.

Refund Information for Regular Session: See the SJSU Refund Policy for information about refunds for dropped classes and withdrawals. To receive a full refund, regular session students must drop during the open enrollment period.

[top]

Special Session Fees

Special Session students (all students except those residing in the Regular Session catchment area for the MLIS program) pay fees based on the cost of running the course and providing the necessary technology. The State of California does not provide funds to support these classes. Special Session students do not pay SJSU campus mandatory fees that must be paid by Regular Session students.

Starting Fall 2024, special session fees will be due one week after the semester start date. If students enroll in a class one week or later after the start date of the semester, fees will be due in 3 days. These dates are based on semester start date, not class start date for shorter 1 and 2 unit courses. Go to one.sjsu.edu, log on, and look under *Self Service/Campus Finances* for the option to pay fees. All the necessary information to pay fees is there.

Financial aid information: Contact Jenisha McCoy in the SJSU Financial Aid Office for assistance. Be sure to include your SJSU Student ID number and full name in your email.

Installment payment: For Special Session, students who wish to sign up for the payment plan, please contact the Bursar's Office via e-mail at bursar@sjsu.edu or by phone at 408-924-1601 and your inquiry will be directed to an Account Specialist.

Refund information for Special Session: Students should check the Professional Degree Program FAQs page or phone 408-924-2670 for refund policy information.

MLIS, MARA, Certificate CLASSES

Special Session fees for the MLIS, MARA, Advanced Certificate and Post-Master's Certificate programs are **$568 per unit through Summer 2026**. For AY 2026 – 2027, starting in Fall 2026, special session fees for these programs are $596 per unit. Fees are subject to review and change.

Informatics and Instructional Design and Technology Classes

Special Session fees for the MS in Informatics program and MS IDT program are **$622 per unit**. For AY 2026 – 2027, starting in Fall 2026, fees for Informatics and MSIDT will be $653 per unit. Fees are subject to review and change.

MLIS Fee Structure Chart

The table below provides a summary of these two fee structures, illustrating the fees MLIS students will pay for Academic Year 2025 – 2026 courses (Terms of: Fall 2025, Spring 2026 and Summer 2026).

Academic Year 2025 - 2026

Number of Units	Special Session Fees	Regular Session Fees
3	$1,704	$3,538
6	$3,408	$3,538
9	$5,112	$5,230

12	$6,816	$5,230

*Note that the SJSU Bursar has not yet published the Regular Session Graduate Tuition schedule for Fall 2026, to start the AY 2026 – 2027.

Academic Year 2026 - 2027

Number of Units	Special Session Fees	Regular Session Fees*
3	$1,788	$3,715
6	$3,576	$3,715
9	$5,364	$5,507
12	$7,152	$5,507

Verification of Enrollment or Degree

Enrollment/ Degree/ GPA Verification

The Registrar's office will provide verification letters for students. Four types of letters are available:

- Enrollment, see Enrollment Status details.
- Grade Point Average (GPA)
- Pending Degree (if graduation application is on records)
- Degree (after degree awarded)

Online Services

All the third parties (such as other universities, potential employers, licensing boards, etc) must place their requests through National Student Clearinghouse (NSC). Note:

- Requires an online account with NSC.
- Verification services are normally available 24/7.
- If the student attended SJSU before 1992, the process may take 2-3 business days.
- When placing the request with NSC, be as complete as possible. Include all names used while attending SJSU, dates of attendance if known, social security number, and date of birth.
- NSC charges a fee for their services. Visit their website for the most current information

In Writing

Students should use their SJSU email address(for security reason) to email the request to records-regist@sjsu.edu.
The following information is required:

- Your full name and any previous names you may have used as a SJSU student

- Your SJSU ID number (If not available, you may provide the last 4 digits of your social security number)
- Your date of birth
- Approximate dates of attendance
- How do you want to receive the letter? By mail, fax or email? Provide the complete address.
- Your contact information
- Your signature

For additional information about verification, contact registrar@sjsu.edu.

Account Specialists

Account Specialists review Short-Term Loan applications for approval, coordinate entrance and exit interviews for Federal Perkins Loan and Kuhlman Student Loan borrowers, provide financial counseling for campus debts, establish payment arrangements for debts owed to the university and coordinate with both on-campus and off-campus sponsors and vendors to collect the payment of campus debts.

- **MSIDT Checklist**
- **Teacher Librarian Regular Session Checklist**
- **Teacher Librarian Special Session Checklist**
- **iSchool Open Classes Checklist**
- **Post Master's Certificate Checklist**

INFO/MARA 294 Professional Experience: Internships

Student Checklist – Setting Up an Internship

Important Deadline and Contact Information:

- INFO 294: Start investigating internships at least one term prior to when you want to be doing the internship and be enrolled in INFO 294. This will give you sufficient time to review internship opportunities and find the one that's right for you.

- MARA 294: Students must work with the MARA internship faculty supervisor during the spring semester before their final year to determine if the internship experience is right for them.
- Post-Master's Certificate students must have completed INFO 203.
- You must have already identified, applied to, and been accepted by the internship site **before** submitting the Professional Experience: Internship – Student Application. Your information will be sent to the appropriate iSchool internship supervisor.
- It would be best to target some time around **4-6** weeks prior to the start of classes to submit your application to the iSchool internship faculty supervisor for review. We understand this may not always be possible, but the more lead time the better.

IMPORTANT: Please read the INFO 294 Student Handbook or the MARA 294 Student Handbook to familiarize yourself with the details of the internship process and experience. This checklist is only a summary.

Checklist Instructions: Review each task for more information. When a task has been completed, you can check it off. Your completed items will remain checked when you return to the form in the future (if you are using the same computer and browser and have not cleared your browser cookies). You may wish to bookmark this page.

Eligibility, Preliminary Decisions, and Information
○ INFO 294: MLIS students must have completed INFO 200, 202, 203, 204, and at least 9 units of electives for a total of 19 completed units before the start of the semester in which they participate in an internship. ○ Post-Master's Certificate students must have completed INFO 203. ○ MARA 294: Students must have completed MARA 200, 204 & 6 courses before the start of the semester in which they participate in an internship. ○ You must be in good academic standing (3.0 GPA or above and no outstanding incompletes). ○ The internship site may require that certain courses be taken before the internship begins. Review internships requirements in the iSchool Internship Listings Database. ○ Review additional rules in the INFO 294 or MARA 294 Student Handbook.

		○ Select the internship that is right for you. ○ Do you prefer an on-site or virtual position? ○ Do you prefer an archival/records or non-archival/records position? ○ Review the iSchool Internship Listings Database to see what opportunities are available.
		○ How many units will you take? ○ MLIS students can take 2 units (minimum of 90 hours of work), 3 units (minimum of 135 hours of work), or 4 units (minimum of 180 hours of work). Some internship sites will only take students for a certain number of units/hours, so be aware of specific site requirements. ○ Post master's students can take 3 units (minimum of 135 hours of work). ○ MARA students must take 3 units (minimum of 135 hours of work).
Select, negotiate, and apply for the internship with the site supervisor		
		○ Select an internship from the iSchool Internship Listings Database. ○ If you don't see an opportunity that's right for you, you can create your own internship, but it must meet iSchool internship requirements to be taken for credit. See the Custom Internship section for more information.
	Create a rough draft of Learning Outcomes to review with the prospective internship site supervisor. (Guidelines are the same for INFO 294 and MARA 294.)	
		○ Contact the site supervisor of the internship you're interested in. (Guidelines are the same for INFO 294 and MARA 294.) ○ Follow the application instructions provided on the internship listing. ○ If you are contacted for an interview, review the opportunity and activities, share your expectations and understand the site supervisor's expectations. ○ Review your draft Learning Outcomes with the site supervisor. ○ Discuss the hours/number of units that you'd like to work. ○ If you're comfortable with the opportunity and the site supervisor, and have not already formally applied for the position, do so.

	Receive and accept a verbal or written offer for the internship from the site supervisor.
Apply for the internship through the iSchool	
	○ Complete the Professional Experience: Internships – Student Application. ○ If you set up a new internship that is not listed in the iSchool Internship Listings Database, you will not be able to apply to take it for credit (INFO 294/MARA 294) until the new internship site has signed the University agreement and set up its internship in the iSchool Internship Listings Database.
	○ The appropriate faculty supervisor will contact you to approve your application and instruct you to enroll in a specific section of INFO 294 or MARA 294. ○ Do not start working any hours for your internship until the appropriate faculty supervisor confirms approval of your internship.
Contact Site Supervisor	
	○ Contact your site supervisor once your internship is approved. ○ Review the final Learning Outcomes, hours, and specific tasks/activities/projects you will complete as part of your internship. ○ Set a date for your first official meeting during the internship semester.
Register for INFO/MARA 294	
	When the faculty supervisor confirms approval of your application form http://ischoolapps.sjsu.edu/internships/new/apply_new.php you will be told which section of INFO 294 to register for on my.sjsu.edu -and given a permission number.

iSchool Graduation Checklist

Click on each task for more information. When a task has been completed, you can check it off. Your completed items will remain checked when you return to the form in the future (if you are using the same computer and browser and have not cleared your browser cookies). You may wish to bookmark this page.

Note: In order to file for Candidacy, students must have 9 units of graded classes on the transcript, be in good academic standing (GPA of 3.0 or higher), and have no outstanding Incompletes. *View unofficial transcript*.

Complete Candidacy Approval and Graduation Application Steps
Candidacy Approval Form File your Candidacy Approval Form by uploading your signed form to the iSchool Candidacy Form. You will need to login using your ONE.SJSU email address. Contact iSchool Student Services with problems. Follow the tutorial pages for either MLIS, MARA or MS Informatics programs. For a planned May graduation, submit by September 24. For a planned August graduation, submit by December 1. For a planned December graduation, submit by March 25. Contact iSchool Student Services if you have missed a deadline, for advising about your situation. Candidacy forms can take 4-5 weeks to be approved by GAPE. You will see an indicator in your MySJSU Other Indicators when it has been approved. **Note**: Students who submit their Candidacy plan earlier than 6 months prior to the iSchool submission dates may have a longer wait for their form to be approved at SJSU GAPE, due to how the GAPE office prioritizes processing forms.
Graduation Application About two weeks after your Candidacy form is approved by SJSU GAPE, you should be prompted through your MySJSU account to complete the Graduation Application step online. (MS in Informatics Students: Read the special notice). Due date for May graduation: February 1. Due date for August graduation: March 1. Due date for December graduation: September 1.

Complete Degree Requirements and Apply for Graduating Student Awards		
		Culminating Experience Enroll in and complete your program's culminating experience: INFO 289, INFO 299, MARA 289, or INFM 211.
		Course Substitution Review your copy of your approved Candidacy Plan. File a Course Substitution form if you have changed any course titles from your approved plan. If you need to change your planned graduation term, you must complete a Change of Graduation Date request online to be able to enroll in the upcoming term.
		Digital Assets Certificate (Optional) MLIS/MARA special session students completing the Digital Assets Certificate: Follow the steps to submit an Advanced Certificate Audit Form. A grade of CR in 289 must be viewable on your unofficial transcript before filing this form with iSchool. Note that effective Spring 2026, current MLIS/MARA special session students need to also declare their intent to pursue the certificate with the SJSU GAPE staff. The Intent form deadline for current students is May 1, 2026. A new declaration process will also be rolled out by SJSU GAPE beginning Fall 2026. On the Intent form, students should choose: College: School of Information and for Advanced Certificate: choose: Strategic Management of Digital Assets and Services Certificate.
		Graduating Student Awards Graduates from Fall, Spring and Summer are invited to apply for Awards for Excellence for Graduating Students. Applications are open from February 1st - February 28th for the Ken Haycock Award for Exceptional Professional Promise and from March 1st - March 30th for all other awards for graduating students.

Review Choices and Opt-In for Graduation Celebrations		
		iSchool Graduate Video Each graduate may provide content for a slide in the graduate video that culminates our Virtual Convocation Ceremony. Graduating students must submit a profile by May 1, 2026.
		iSchool Graduate Website Each graduate can create a profile for the iSchool Graduate Website. It is a special online graduation platform that celebrates our graduates and includes messages from our speakers, graduate profiles, graduating student award winners, and a degree presentation. Graduating students must create a profile by July 31, 2026.
		Virtual Graduation Celebration iSchool's synchronous, Virtual Graduation Celebration will celebrate the graduating class with invited speakers and the graduating student speaker. Student names will not be read, but the graduate video will be played at the end of the celebration. Graduates will be sent instructions on how to access the online event automatically.
		SJSU Onsite Graduation SJSU's Onsite Graduation hosted by SJSU Commencement. Mark any intent to participate due dates in your calendar.

Note: The graduation processing timeline is: Spring: late June - late July. Fall: late January - end of February. Summer: Mid-September - late October. Your diploma will be sent to the diploma address that SJSU has on record. You may view or change your diploma address on My SJSU up until your graduation date. Please keep your diploma address current since the post office will not forward diplomas to your new address.

Watch your MySJSU account for an indicator from the GAPE office, or check your MySJSUS Unofficial transcript to look for the posting of your degree.

You will have one year to access your MySJSUOne and Canvas account after you graduate. Please be sure to manage your passwords, as MySJSU passwords expire every 180 days. Any Google docs associated with your SJSU email account will also disappear after one year unless you have saved/moved them over to another account.

Registration Steps – MLIS Regular Session

1. Check iSchool Schedules and Select Classes

- Do not go first to MySJSU. **First** check iSchool schedules for the appropriate term and select your class(es). Write down the 5–digit class number in the "Class Number" column for each class. You can use it to register. All regular session classes have the section numbers of -01 to -09.
- **Important**: As you make your selections be sure to think about the following:
- Does the class have mandatory web conferencing meetings? Will the times/dates work for you? If not, select another section. **Mandatory meetings are mandatory**. Mandatory web conferencing sessions will be added to the schedule by the middle of October in the **Mandatory Zoom** field
- How much of a work load can you carry? The courses in this program are difficult and require substantial work and time. Most students carry between 1 – 3 courses per semester. Obligations such as work and family should be carefully considered when deciding how many courses to take. Dropping classes after the deadlines early in the semester can be problematic and expensive. We recommend that you be conservative in the number of classes you take each semester.
- For any classes you are considering, review the course topic (including dates of variable unit classes which are listed in the "Note" field of the schedule). Use the Syllabi Search tool to look for previous syllabi for the course taught by the instructor in order to learn important details about class assignments. Current syllabi for the upcoming term are all posted within two weeks of the start of the new semester.

2. Plan Ahead for Tuition Fees

- Plan ahead regarding how you will pay for your tuition fees. When you register for your classes, the tuition payment deadline will be listed in the Finance section of your MySJSU Student Center Web page. See iSchool Fees and Methods of

Payment for complete instructions and information. These payment deadlines may be as short as 2 days after or as long as 3 weeks after you register. If you do not pay for your classes by the tuition payment deadline, your classes will be automatically dropped. See our Financial Aid Web page and our Scholarships Web page for possible help with finances. Make sure to budget for purchase of required textbooks and technology for the classes you have chosen.

3. Check for Appointment Time

- Regular session students will be given an appointment time that will appear on MySJSU. You may register for classes any time after your appointment time. For information about priority registration, see Priority Registration. Appointment times are set by the Registrar's Office. The School of Information has no control over announcements on or appointments set up through MySJSU. Contact the registrar regarding these issues.

4. Go to MySJSU

- Now go to MySJSU and register for your classes using the 5-digit Class Nbr.(s) you wrote down previously. Make sure you have changed the drop down box to the semester you want. Follow this tutorial for help adding a class.
- If a class is **full** on MySJSU a message will say you need a permission number. Please disregard this message. **We have no permission numbers**. You should not e–mail the office or the instructor. This message means the class is **full**. You should check back later to see if a spot has opened, or use the wait list feature.
- If you add yourself to the waitlist, you will automatically be put into a class if a spot opens up and you are next on the list. **Note**: The faculty have no part in this so please do not contact them. It is an automatic process. For **wait list** information, search "wait list" on our Advising FAQ.

Problems?

- If you cannot access the system: contact the Help Desk.
- If you have problems seeing the correct screen or problems with incorrect IDs: contact Registrar.
- If you have an academic notice hold: Contact iSchool Student Services

Registration Steps – MLIS Special Session, MARA, Informatics, MSIDT, Certificates, BS in Information Science and Data Analytics

1. Check iSchool Schedules and Select Classes

- Do not go first to MySJSU. **First** check iSchool schedules for the appropriate terms for MLIS Special Session, MARA, Informatics Session I and Informatics Session II, MSIDT or BS in Information Science and Data Analytics. Select your class(es). Write down the 5-digit class number in the "Class Number" column for each class. You can use it to register. Special session classes have the section numbers of -10 and above.
- Does the class have mandatory web conferencing meetings? Will the times/dates work for you? If not, select another section. **Mandatory meetings are mandatory**.
- **Important**: As you make your selections be sure to think about the following:

  How much of a work load can you carry? The courses in this program are difficult and require substantial work and time. Most MLIS /MARA students carry between 1 – 3 courses per semester. Obligations such as work and family should be carefully considered when deciding how many courses to take. Dropping classes after the deadlines early in the semester can be problematic and expensive. We recommend that you be conservative in the number of classes you take each semester.

- For any classes you are considering, review the course topic (including dates of variable unit classes which are listed in the "Note" field of the schedule). Use the Syllabi Search tool to look for previous syllabi for the course taught by the instructor in order to learn important details about class assignments. Current syllabi for the upcoming term are all posted within two weeks of the start of the new semester.

- Informatics students who need the course INFM 211 will need to request it, via the webform. INFM students need to enroll in desired Session I and Session II classes within the MySJSU Advanced Registration window for the semester. Refer to the special session Registration Dates above. There is not a second registration window for Session II classes later in the semester.

2. Plan Ahead for Tuition Fees

- Plan ahead regarding how you will pay for your tuition fees. When you register for your classes, the tuition payment deadline will be listed in the Finance section of your MySJSU Student Center Web page. See iSchool Fees and Methods of Payment for complete instructions and information. These payment deadlines

may as short as 2 days after or as long as 3 weeks after you register. If you do not pay for your classes by the tuition payment deadline, your classes will be automatically dropped. See our Financial Aid Web page and our Scholarships Web page for possible help with finances. Make sure to budget for purchase of required textbooks and technology for the classes you have chosen.

3. Check for Appointment Time

- There are no *individual* enrollment appointments set for special session. All students have the same appointment time and can enroll at any time after special session enrollment opens, but you must check your enrollment appointment to view the time. To find the time, see: View My Enrollment Appointments.

4. Go to MySJSU

- Now go to MySJSU to register for your classes, using the 5-digit Class Number(s) you wrote down previously. Make sure you have changed the drop down box to the semester you want. Follow this tutorial for help adding a class.
- If a class is **full** on MySJSU a message will say you need a permission number. Please disregard this message. **We have no permission numbers**. You should not e–mail the office or the instructor. This message means the class is full. You should check back later to see if a spot has opened, or use the wait list feature.
- If you add yourself to the waitlist, you will automatically be put into a class if a spot opens up and you are next on the list. **Note**: The faculty have no part in this so please do not contact them. It is an automatic process. For **wait list** information, search “wait list” in our Advising FAQ.

Problems?

- If you cannot access the system: contact the Help Desk.
- If you have problems seeing the correct screen or problems with incorrect IDs: contact Registrar.
- If you have an academic notice hold: Contact iSchool Student Services

SJSU forms are maintained by the Office of the Registrar on Office of the Registrar: Forms Web page or by Graduate Admissions and Programs on GAPE: Forms Web page.

Please check the two sites above.

SJSU Forms / Change of Program Plan

1. Change of Program for iSchool Students changing to other iSchool programs within the college (CIDS).

Newly Admitted Students: University policy requires students to stay with the original program they gained admission, until their first semester is under way. For example, a MARA student admitted to start in a Fall semester (wishing to change to MLIS), would enroll in INFO core courses their first semester, and contact the iSchool Evaluator at GAPE beginning on October 1, to be changed to MLIS for the upcoming spring semester. An INFM student admitted to Spring (wishing to change to MARA), would enroll in MARA courses their first semester, while contacting the iSchool Evaluator at GAPE no earlier than April 1, for a fall change of graduate program.

An iSchool applicant whose **application has not yet been evaluated for an admissions decision**, but who wishes to change their program plan, may do so immediately, by contacting the Graduate Admissions office directly.

Currently enrolled students who want to change to iSchool graduate program within School of Information programs: Contact the Graduate Coordinator first, for approval, and to receive instructions on completing the online form.

2. Currently enrolled students who want to change to a SJSU graduate program outside School of Information programs.

Complete the Change of Graduate Program Petition online. Choose “Information, Data and Society” as the college you are transferring from.

Welcome New Students

We're so happy you will be joining us! We have prepared a video and outlined 3 basic tips to assist you through a smooth registration and on-boarding process.

On-Boarding Tips

1) Communication

We will be communicating with you by email. This helps our student services staff, advisors and instructors keep a record of our advising conversations. Please make sure your email filters are set to allow @sjsu.edu messages to reach you. When corresponding with us, always include your student ID number and whether you are a regular session, special session, MLIS, MARA, Post Master's student, Advanced Certificate or Teacher Librarian Credential student.

2) Whom to contact about …?

New students do not contact a faculty advisor for help with registration issues. Doing this will actually slow our response time, as faculty will need to refer your question to our student services staff. Please first read the registration steps and FAQs.

Then, for further help with registration matters contact the Student Services Team for help.

For help with MySJSU see these student tutorials. For help with all your financial matters, see the Bursar, or Financial Aid & Scholarships office.

*Faculty advisors are specialists in the LIS pathways. New students can choose a faculty advisor to consult, when they are ready to plan their electives in the MLIS program. MARA and Teacher Librarian students have an assigned advisor.

3) MLIS Students: INFO 203 and your New Student Checklist

The New Student Checklist you received is your new best friend! Once admitted, MLIS students — please refer to this guide often in the months and weeks leading up to your early-start, introductory class, INFO 203.

We understand that there is a lot of new information for incoming students to absorb! That's why we have prepared the checklist, and strongly encourage new MLIS students to begin INFO 203 when it first opens to have the best opportunity to "learn how to learn" in the online environment, before you dive into graduate work at the School of

Information. Once you are enrolled, you will soon be joined to our helpful Advising and Administration Canvas site. Until then, take advantage of the many resources on the iStudent Blog that have been curated just for newly admitted students, as well as our handy Registration FAQs and Advising FAQs.

New MS in Informatics, Advanced Certificate, Open Classes, and MARA students will automatically be enrolled in a free self-paced Technology Prep class in Canvas prior to the start of the semester.

Academic Notice, Administrative Academic Probation, and Disqualification

Requirement

All graduate students are required to maintain an overall GPA of 3.0 or higher in order to remain in good standing and to graduate. The overall GPA is different from a semester GPA. The overall GPA is your cumulative GPA that you earn starting from the first semester as a graduate student at SJSU. It is the GPA that takes into account the GPA earned for all previous semesters. The semester GPA is your GPA that is calculated on a semester-by-semester basis.

Academic Notice and At-Risk

If a graduate student is currently in good standing, and at the end of a semester their overall GPA falls below 3.0, they will be placed on “Academic Notice.” A status of Academic Notice indicates that the student is not performing to minimum graduate GPA standards and is at risk of being disqualified from the university.

> iSchool students will only be eligible to file a Candidacy petition, participate in a 294 internship, enroll in INFO/MARA 289, INFM 211, or work as a graduate student assistant, when the CUM GPA is at 3.0 or above.

Completion of all Degree or Credential Requirements While on Academic Notice: Enrollment in at least one letter-graded course is required of graduate students in each Fall and Spring term that they are on academic notice. Once on academic notice, graduate students are subject to disqualification if they fail to earn a SJSU term GPA of 3.0 or better each semester until a SJSU cumulative GPA of 3.0 is again established. See: S16-6E

TOOLS FOR ACADEMIC SUCCESS

We are committed to helping you develop a clear path to graduation and supporting your academic success. If any time you feel that you are at risk of not graduating please reach out to the Student Support Specialist.

Students on academic notice will meet on Zoom with the Student Support Specialist at least three times in the following semester after academic notice occurs to develop a plan for academic success. The Student Support Specialist will reach out to students after academic standing & current semester grades are posted on MySJSU & transcripts per each semester calendar.

Students are encouraged to take advantage of our self-paced workbook, Solutions for Success, and utilize the special academic notice calculator to project how taking a given number of classes with variations of expected grades would affect their cumulative GPA.

Administrative Academic Probation

Any student who does not successfully complete INFO 203 in the first 4 weeks of the semester will be placed on administrative academic probation. After a discussion with the Graduate Coordinator, a student **may** be allowed to retake INFO 203 if the student presents compelling reasons or has performed well in a first attempt (B or above) in INFO 200 (the graduate writing class). If the INFO 203 class is not passed on the second attempt, the student will be disqualified from the University. A hold will be placed on the student's ability to register for other classes until INFO 203 has been successfully passed.

If an MLIS student fails to make a B in each core class (INFO 200, 202, 204) the student is placed on administrative academic probation and is at risk of disqualification. If on a second attempt the student again fails to make a B the student will be administratively disqualified.

Approximately two weeks before the end of Registration, MySJSU will allow MLIS students to enroll in a retake of a core course or elective. Check the SJSU Registrar's Calendar for the specific date.

If an MLIS or MARA or Informatics student is awarded a NC (No Credit) grade in INFO 289 or MARA 289 or INFM 211 (the School's culminating class) the student will be placed on administrative academic probation and is at risk of disqualification. If a second NC (No Credit) is awarded for the class the student will be administratively disqualified.

Disqualification

A student can be disqualified on the basis of:

- overall GPA (see Academic and Administrative Notice – academic notice)

- Obtaining a No Credit in INFO 203. This is the required one unit class that must be taken and passed by MLIS students in the first semester.
- For MLIS students -failing to make a B in each core class (INFO 200, 202, 204) after two attempts (see Academic and Administrative Notice – administrative notice)
- For MLIS, MARA, and Informatics students -receiving a grade of No Credit twice in INFO 289 or MARA 289 or INFM 211.

Once a student is disqualified, they are no longer officially a matriculated student in the university. Disqualified students will be precluded from registering for future SJSU graduate courses either through Regular or Special Session, or through Open University.

The School of Information does not reinstate students who have been disqualified.

Student Support Appointments

Students experiencing academic challenges or on academic notice can receive support.

All appointments are individual. No group appointments are scheduled.

> If you are a current student please make the appointment with an email address and name that is listed on MySJSU.
>
> Appointments are available T/W/TH during the Spring 2026 semester. *Contact Taryn if you need another time and day.* See available appointment times on our scheduling calendar.
> *(Click on an available time slot to make an appointment.)*
>
> Once you've made an appointment, please complete the following form: https://forms.gle/BCQoYK2eS5sKxXsCA
>
> We appreciate your filling the form out as soon as you have booked the appointment, so we can be prepared ahead of the appointment time.

Note that each appointment slot is 30 minutes, so please be on time. If you are unable to attend, make sure to cancel your appointment ahead of time. **To cancel an**

appointment, go to your own Google calendar and delete the event. This allows us to serve other students.

Please do not join the Zoom room if you do not have an appointment. Only students with an appointment will be allowed in from the waiting room.

Adding and Dropping Classes

Students need to pay careful attention to Add and Drop deadlines each semester.

For Regular Session students, these dates are posted on the SJSU Registrar Calendar. For Special Session students, the last day to add is 14 days after the first day of the semester. Special Session students should abide by the drop deadline given to Regular Session students on the calendar above. The drop deadline is not the same as the refund deadline. See the refund policy.

Open Registration

Before classes actually begin, current students add and drop classes using the MySJSU web site at one.sjsu.edu/. No permission codes are needed during this “open registration” period. For more information and for dates, read our iSchool Registration Process.

Late Registration

Late Registration begins on the first official day of the semester. For Regular Session students, late registration end dates are posted on the SJSU Registrar Calendar. For Special Session students, late Registration ends 14 days after the first day of the semester.

Refund Policy

Late Adds and Late Drops incur penalty fees. The amount of the penalty fee will depend on how far into the semester the student attempts to add or drop a course. The longer a student waits to drop a course, the greater the risk is that student will receive little or no refund. There are different refund guidelines depending on whether you are in Special Session or Regular Session. The Bursar handles regular session refund policy and refunds. The SJSU Professional and Continuing Education Department handles special session refunds.

> Make sure to complete all registration activity during registration.

Regular Session Refunds: See the SJSU refund policy. Contact the **Bursar's Office** with refund or financial questions, at (408) 924-1601. The **Bursar's Office** offers **Live Chat** hours on their website, M – F: 7:30 am – 4pm Pacific.

Special Session Refunds: Special session classes do not follow the same refund calendar as the regular session. Please follow the timeline below:

- Students who officially drop the course by the **5th calendar day of the class** will receive a 100% refund (Day 1 is 1st day)
- On the 6th calendar day: 75% refund
- On the 7th calendar day: 50% refund
- On the 8th calendar day: 25% refund
- Starting the 9th day: 0% refund.

***Please note* that even if the class has different start and end dates, all deadlines are calculated from the *first day of the semester* listed at the top of the schedules.**

If the special session partial refund deadline occurs after the last day to drop for a program, there will be no partial refunds for dropped classes.

If you reside outside of the State of California, please click the following link to our online catalog.in order to review your respective state's disclosures and policies

*For **MS in Informatics** classes, please note the **semester dates** for Session I and Session II are different. They are listed at the top of the iSchool Schedules for MS in Informatics.

Students are responsible for dropping their class officially. When students drop a class officially, their account will show class status as "Drop" or "W" grade. Failure to attend may not cause students to be dropped from a class automatically. Failure to drop a course officially generates a failing grade of "F" or Withdrawal Unauthorized (WU) and fees will be charged to the student's account.

If you have dropped past the partial refund deadline and have extenuating circumstances to apply for refund, fill out the Professional and Continuing Education Department's Financial Petition. Send it as a pdf attachment to: pacefinancialpetition@sjsu.edu

School of Information Student Services staff does not have access to student financial data, such as your financial account history, payment deadlines or financial aid package.

If you have questions about how a late drop will impact your financial aid award, the **Financial Aid Office** holds **Live Chat** hours M – F: 12 – 4 pm Pacific.

Withdrawal

If you decide not to attend and are already enrolled in classes, be sure to drop those classes before you leave. If you do not drop classes, you will receive a grade of "WU" which later turns into a grade of "F."

Withdrawals after the second week of instruction are approved only for serious and compelling reasons.

iSchool Master's degree, TL Credential and Certificate students, initiate the Withdrawal petition request through an online GAPE form: Graduate Petition for Course Drop/Semester Withdrawal This petition is to request a late or retroactive withdrawal from a single course or entire semester. See tutorial below.

iSchool Open Classes Students Only: Please complete the undergraduate petition for the appropriate semester.

Retroactive Withdrawals

Withdraw petitions received by Graduate Studies near the day of the petition deadline posted on the Registrar's calendar or after, may end up being considered Retroactive Withdraw petitions. This is because it takes several days to secure all necessary signatures from different departments.

A retroactive withdrawal means that the student will likely receive the grade(s) earned, but if the petition is approved, the grade(s) will be changed to a W. If the failed grades put the student on academic notice, the academic notice status will remain even after the grades are changed to W. The student must successfully complete the next semester attended to work their way off academic notice (CUM GPA = 3.0 or higher).

Tutorial (MLIS, MARA, INFM, TL Credential, Certificate)

Please do not use Safari when filling in the form.

Before filling in this form, please determine if:

1. You are an international student
2. You are currently on financial aid
3. You are a student in a Special Session program (MARA, INFM, MLIS students in special session).

*If you fall under any of the above categories, please check the appropriate box to ensure proper signature routing.

1. Begin answering questions:
2. Enter your personal information
   Things to note:
   - For College select “Information, Data and Society” (SJSU iSchool is within the College of Information, Data and Society)
   - For Graduate Program Coordinator select “Michael Stephens” (Dr. Michael Stephens is the Graduate Program Coordinator for all programs in the School of Information)
3. Enter withdrawal information
   - If you are not requesting to drop ALL of your classes for that term, select “Drop Courses”
   - If you are dropping all classes, select “Withdraw from the Semester”
4. Enter Personal Statement
   - If you are requesting a course drop, make sure to indicate in your statement why you are able to handle the other classes.
5. Attach supporting documentation and the HPVMC form if applicable. This form serves as documentation of medical/health issues in support of a student petition.
6. Sign the form using your mouse or touchpad and SUBMIT!

Dropping a Class

Fall and Spring: To drop a class BEFORE DROP DEADLINE (See below for Summer drop information).

You drop a class until the drop date by using the SJSU MySJSU web site. A tutorial at https://www.sjsu.edu/it/services/applications/peoplesoft/students/drop-class.php explains how to drop a class on the MySJSU website.

DROP DEADLINE

MLIS and MARA, Certificate and TL Credential Classes: The deadline for dropping a class (without a "W") is posted on the SJSU Registration Calendar. After that date, a grade of "W" will be recorded for a dropped class and you must show serious and compelling circumstances for dropping the course. Please read the current Petition for Course Drop form carefully. Instructions and current Petition for Course Drop form can be found under Withdrawal. **The drop deadline is the same even if the class runs later in the semester.**

MS in INFM Classes: The deadline to drop an INFM class is the 5th calendar day of the class' Session I or Session II semester dates shown at the top of the MS in Informatics Session I and Session II schedules on the iSchool Schedule of Classes, including weekends and holidays, with the first being day 1. *For MS in Informatics classes, please note the semester dates for Session I and Session II are different. They are listed at the top of the iSchool Schedules for MS in Informatics. If the special session partial refund deadline occurs after the MS in INFM last day to drop, there will be no partial refunds for MS in INFM dropped classes.

iSchool Open Classes: Check with iSchool Student Services for drop and refund timelines and procedures as students taking Open Classes must be manually dropped by the Registrar.

****Drop deadlines are different from refund deadlines. Please see Refund Policy for information on refund deadlines.**

SUMMER DROPS AND REFUNDS

All of our classes for both regular and special session students are in special session in summer. So the dates on the University summer calendar will not apply to you. Refer to the special session refund policy.

Adding a Class after Open Registration

To add a class after open registration ends, you must obtain a permission number from the instructor. Instructors may choose not to accept new students once the semester has begun. If the instructor does give permission and e-mails you a permission code,

use the MySJSU web site to add the class. A tutorial explains how to add a class using a permission code. The deadline for adding a class in this manner is the 14th business day of instruction in any semester. Both regular and special session students are now charged a $25 fee when enrolling in a class on the first day of the semester, through the last day to add

Registration Overview and FAQs

General Registration Overview

1. **Q. What is the difference between Regular Session and Special Session?**
   A. Regular Session is state-supported and state-subsidized and is for students who live within the catchment area of San José, California (zip codes: 939xx – 958xx). The cap on the number of Regular Session students who are accepted to the MLIS program each semester is related to the amount of money received from the state. Regular Session students can also take advantage of San José State University student services such as Santa Clara County transit services, student body organizations, health care, and recreational activities.
   Special Session is totally funded from student fees and is for students who live outside the catchment area of San José, California (e.g., Southern California, the rest of the United States, and the world.)
   Regular Session and Special Session students must meet the same graduation requirements (i.e., same required courses, same number of elective units, same total number of units to graduate). All MLIS courses are offered entirely online. SJSU iSchool no longer offers any face-to-face classes.
2. **Q. Can an MLIS student switch from Regular Session to Special Session?**
   A. Yes. Regular Session students have the option to change their status to Special Session after completing 19 units (slightly less than half of the units needed to graduate). Once their designation has been officially changed to Special Session, they can take Special Session classes. Please fill out the status change request form. Note that students cannot take both Regular Session and Special Session courses during the same semester.
3. **Q. How do I register for classes?**
   A. Students register for classes using the PeopleSoft system accessed through the MySJSU Web site. Select your classes in our iSchool current class schedules before registering in MySJSU. See details about the registration procedure.
4. **Q. Do you offer every class every semester?**
   A. Courses are scheduled based upon an established rotation (see the rotation schedule) which indicates when particular courses will be taught.

Frequently Asked Questions

1. **Q. What registration information can I find on the SJSU iSchool website? The University website? What registration questions do I ask my advisor? My instructors?**
   A. The SJSU iSchool website:
   - Course schedules for upcoming, current, and previous semesters
   - Specific procedural information
   - Faculty syllabi for current and many previous semesters
   - Yearly course rotation
   - Suggested career directions, e.g., academic librarian, public librarian, etc.
2. The University website:
   - Registration times
   - Registration processes
   - Registration deadlines such as add/drop periods
   - Charges for classes based upon the add/drop dates
3. Your Advisor:
   - Questions about courses needed to meet your career goals
   - Questions about prerequisites
   - Questions about numbers of courses you should plan to take
4. Your Instructors:
   - Clarification of issues you do not understand from your review of their syllabus
   - Academic queries about the course content and work load
5. **Q. How will I know when Advance Registration starts for my first semester?**
   A. iSchool faculty and staff email this information as well as other important announcements and last-minute administrative changes to current students through the iSchoolAlert notification system. All currently-enrolled Master's students are automatically members of iSchoolAlert and will receive announcements regarding registration.
6. **Q. When can I register for classes?**
   A. **Regular Session students**: You will be given an appointment time that will appear on MySJSU (see the tutorial How To View Enrollment Appointment. You may register for classes any time after your appointment time. For information about priority registration, see SJSU's Priority Registration page. Appointment times are set by the Registrar's Office; the School of Information has no control over them. Contact the Registrar regarding these issues.
   Special Session Students: We at the iSchool set a date for Special Session registration. All Special Session students have the same appointment time and can enroll at any time after Special Session enrollment opens. Please check the

Registration and Enrollment page of our website often to see when the registration date is each semester.

7. **Q. How do I register for classes? How do I add a class?**
   A. You must register for your classes through the university registration process via MySJSU. See: Class Registration Process
8. **Q. How do I get on a waitlist? How do waitlists work? How long will I be on the waitlist before I know if I've been enrolled? What if I am enrolled in one section because it is open but I really want another section of the same class?**
   A. If a class is full but still has an open wait list, you will be able to get on the waitlist if you select the "waitlist" option when trying to add it. Here's how the waitlist works: when a registered student drops a class, a space opens up. The first person on the waitlist automatically gets registered for the class and everyone else on the waitlist moves up a spot. You will receive a message in your MySJSU notifying you when and if you have been registered for the course. If there is a long waitlist to get into a class and you are further down on the list, you should probably stay with the class you're already in. If you are already in a section of the class and add yourself to a waitlist for another section, the system will ignore you.
9. **Q. What will my tuition be?**
   A. See: Fees
10. **Q. Do I pay for the entire degree up front? How and when do I pay my tuition fees?**
    A. You only pay tuition fees for the classes you register for each semester. Once Advance Registration starts, go to MySJSU, add your class(es), then go to the "Finances" section of your MySJSU Student Center web page and use "account inquiry" to find out how much you owe, how to pay, and when your payment deadline is. Payment deadlines may as short as 2 days after or as long as 3 weeks after you register.
11. **Q. Who do I contact with registration problems?**
    A.
    - If you cannot access the system: Place a help ticket with IT Services.
    - If you have problems seeing the correct screen or problems with incorrect IDs: Email registrar@sjsu.edu
    - Problems with holds: The hold will tell you who to contact
    - Other problems: Contact our Student Services Team.
12. **Q. What is Canvas?**
    A. See: iSchool Online Learning and Canvas tutorials.
13. **Q. I don't have a Canvas account — how do I get one?**
    A. See your New Student Checklist.

14. **Q. I forgot my Canvas login, could you give it to me again?**
    A. Your Canvas login information is the same as your SJSUOne (or MySJSU) login.
15. **Q. Now that I have registered for my classes, what happens next?**
    A. Nothing until classes begin. Go over your New Student Checklist to be sure you have completed all the steps you need to. Look for textbook information to be available about six weeks before classes begin and class syllabi to be available a few days before classes begin. Check your MySJSU Student Center web page regularly for messages.
16. **Q. How many classes are "part-time" and how many do I need to take to be a "full-time" student? How many classes do I need to take for financial aid?**
    A. We at the iSchool do not set a full time or part time limit. The Bursar's Office regards 9 units as full time for a graduate student taking 200 level classes. Students need to enroll in at least 4 units (200 level courses) each semester in order to maintain eligibility for financial aid. The amount of aid awarded is based on how many units you take.
    If you are a Regular Session student and have any other questions about financial aid, please contact The SJSU Financial Aid Office at 408-283-7500.
    If you are a Special Session student and have applied for Financial Aid, you may email Jenisha McCoy for support.
17. **Q. MySJSU won't let me re-register for a class I took but failed last semester. What do I do?**
    A. **For Core Courses** (INFO 200, 202, and 204): Students who entered the iSchool in Spring 2009 or later must make a B, 88% in the core classes. If you make less than a B in a core class, you will be put on Administrative Notice and you must repeat that core class. Approximately two weeks before the end of Registration, MySJSU will allow students to enroll in a retake of a core course or elective. Check the SJSU Registrar's Calendar for the specific date. If you do not make a B the second time you take the class, you will be disqualified from the MLIS program.
    For INFO 289: If you take this course and receive a "NC" grade, you will be placed on Administrative Notice. Approximately two weeks before the end of Registration, MySJSU will allow students to enroll in a retake of a core course or elective. Check the SJSU Registrar's Calendar for the specific date. If you do not make a "Credit" grade the second time you take this class, you will be disqualified from the MLIS program.
    For All Other Courses: Approximately two weeks before the end of Registration, MySJSU will allow students to enroll in a retake of a core course or elective. Check the SJSU Registrar's Calendar for the specific date.

18. **Q. Why am I being blocked from registration?**
    A. Some possible reasons:
    - Make sure you are registering for the upcoming semester, not for the current or a past semester.
    - You are trying to register for a class for which you are not eligible — Regular Session students cannot take Special Session classes and Special Session students cannot take Regular Session classes.
    - You have not met the prerequisites (see Course Descriptions).
    - You have not enrolled in classes for more than a semester and have become an "inactive" student.
    - Check your MySJSU account to make sure there are no holds. Some common causes for holds are:
        1. *Cashiering hold*: Non-payment of tuition for previous semester.
        2. *Admissions hold*: You are unable to register until all final admission documents have been submitted.
        3. *Academic Notice hold*: Your GPA falls below 3.0.
        4. *Administrative Academic Probation hold*: You do not reach a standard we have set, i.e., if your grade is less than a B (B- or lower) in a core class, or if you receive a "NC" in INFO 289.
        5. *Dropped from the University*: You did not register for classes for two semesters in a row (excluding summer) and did not file a leave of absence request form.
    - Once Advance Registration closes, SJSU has a week-long blackout period where you cannot add or drop in MySJSU. You will not be able to register until late registration begins on the first day of classes and you will need a permission number.
19. If none of the above apply, contact registrar@sjsu.edu .
20. **Q. Why am I being asked for a permission number?**
    A. Some possible reasons:
    - You are trying to register for a class for which you are not eligible — Regular Session students cannot take Special Session classes and Special Session students cannot take Regular Session classes.
    - You are trying to register after Advance Registration closes.
21. **Q. I've registered for classes but now they've disappeared**.
    A. You may have been disenrolled from your classes for non-payment of tuition. In this case, you will need to contact the professors of the courses you want to take and ask them for permission codes to re-enroll, as well as pay your tuition fees as soon as the payment option becomes available again. If the class is now full the instructors do not have to add you back into the classes.

22. **Q. I didn't see any deadline in MySJSU for paying tuition and now all my classes have been dropped. I found out that I only had one day to pay, I thought there would be more time than that.**
    A. Payment deadlines are listed under the "Finance" section of the Student Center on the MySJSU page. Payment due dates are dependent on when you register. In the future as soon as you register for a class, immediately check the "Finances" section of your MySJSU Student Center web page for your payment due dates.
23. **Q. Why isn't MySJSU's add/drop link working?**
    A. If Registration has just closed and you are in the week before classes officially start, SJSU is in a blackout period when you cannot add or drop. When classes officially begin, you can only add a class with a permission code.
    If it is past the first two weeks from the start of classes, you have missed the add/drop deadline. In order to add a class now, you must obtain a permission code from the professor. They are under no obligation to add you to the class. In order to drop, you must submit a Petition for Course Drop and provide serious and compelling evidence supporting your reason for dropping the class after the deadline.
24. **Q. How do I get a permission code for a late add?**
    A. Beginning on the first day of instruction, You may email the professor teaching the section or course you would like to take. They are not required to add you.
25. **Q. How do I contact a professor so I can request a permission code?**
    A. You may email professors directly from the iSchool faculty list. You can also find links to email addresses and web pages listed with the instructor's course on the iSchool Class Schedule.
26. **Q. Will there be a problem with the Bursar's office or Financial Aid if I drop a class now?**
    A. You may obtain this information directly from the Bursar's Office. Their contact information is available on their website.
27. **Q. What is the refund policy for a late drop?**
    A. See: Refunds and Pro-rata Charges.
28. **Q. I submitted a withdrawal form last semester. How do I know if it has been dropped? Will I get a refund? How much of a refund will I get?**
    A. Look on your unofficial transcript in the Self-Service section of your MySJSU Student Center web page; if the course has been dropped, you will see a "W" for the course grade. Refunds are handled by the Bursar's Office.
29. **Q. What's the last day I can drop?**
    A. The deadline for dropping courses without receiving a "W" on your transcript is two weeks after classes start for the semester. After that period, you must fill out a Petition for Course Drop and provide a serious and compelling reason,

complete with supporting documentation, for dropping the class. Serious and compelling reasons include military service, employment, medical, death, and personal. In all cases, personal statements must be accompanied by supporting documentation (e.g. a letter from your employer, a doctor's note, etc.).

30. **Q. I have changed my name and/or address. How do I get this updated information to you?**
    A.
    - MySJSU: You may update this information in your MySJSU account by logging in or sending the Change of Address and/or Change of Name form (both available here) to the Registrar's Office.
    - iSchoolAlert: Please update your information in MySJSU. Your updated information will be pulled over into iSchoolAlert.
    - Canvas: In Canvas, only your official name on MySJSU can be used (no nicknames or preferred names). If your Canvas name no longer matches your official name on MySJSU, use our Canvas Technical Support form to submit your official name to us for Canvas.
    - iSchool: Please send an email with your updated information to the iSchool office so that we can update your iSchool records.
31. **Q. Why do Regular Session students, in a fully online program, have to pay campus fees?**
    A. Regular Session students are in a state-supported program and must pay all campus fees just the same as all graduate students who attend classes on campus. In order for our program to exist at SJSU, we must maintain a regular session. Regular Session students have access to all campus facilities, including health and sports centers, and can receive a Tower Card (ID card), which gives access to public transportation. They also have access to state funded grants. We realize that many of our students are not at all interested in coming to campus and receiving these benefits. Therefore, we have received permission to allow students to switch to Special Session. See the following questions.
32. **Q. I want to change from Special Session to Regular Session. How do I do that?**
    A. If you are a Special Session MLIS student, you can change your status to Regular Session if you move to the catchment area of San José, California (zip codes: 939xx-958xx). To change your designation, please email your request to the iSchool office and you will be placed on a wait list. You will be notified as soon as a space opens up.
    If you originally enrolled in the MLIS program as a Regular Session student and subsequently changed your designation to Special Session, you can choose to change your designation again by completing the status change request form. Each semester, Regular Session students who have completed at least 19 units

can choose whether to be designated as a Regular Session or Special Session student.

33. **Q. Can I change from Regular Session to Special Session?**
    A. Regular Session MLIS students who have completed at least 19 units can change their designation to Special Session by completing the status change request form. If they choose to change back to Regular Session at a later date, they can do so by filling out the status change form again.
34. **Q. If I am a Regular Session MLIS student who has completed at least 19 units, and I choose to enroll in Special Session MLIS courses for one semester, how will that decision impact the fees I pay that semester?**
    A. Regular Session students pay a **flat rate** based on the number of units they enroll in each semester, rather than paying by unit. The California State University system sets this fee structure and has the flexibility to change fees each semester. In contrast, Special Session students pay for each unit they enroll in.
    For more information, you may visit the iSchool fees web page. You can also visit the SJSU Bursar's Office web page, which explains Regular Session fees

Grades

At the end of each semester, instructors have one to two weeks to complete and file grade rosters. Admissions and Records then processes the grades. This procedure takes at least two weeks. Check MySJSU (opens in new window) and the SJSU Registrar's Calendar for the date when grades will become available.

SJSU does not mail grades. You must check for your grades online.

Effective Spring 2009, all core classes must be completed with a grade of B (88%) or better. If the grade is less than B (B- or lower) after the first attempt a student will be placed on administrative academic probation. The student must repeat the class the following semester. If on the second attempt the student does not pass the class with a grade of B or better (not B- but B), they will be disqualified. (See required grade details.)

Also, only classes with a grade of C or higher (in graded courses) can be put on a candidacy form and used for the MLIS or MARA degrees.

Academic Standards

See the SJSU Catalog – Graduate Information and Requirements for information on minimum GPA, academic notice, University disqualification, and reinstatement.

Note: The SJSU School of Information does not accept reinstatement petitions from disqualified students.

Also see Academic Notice and Disqualification.

Required Grade Details

B Required in Core Classes

Effective for students entering Spring 2009 onwards, core classes — INFO 200, 202, 204 — have to be completed with a grade of B (88%) or higher. These three classes are the core from which the rest of the curriculum evolves. They focus on underlying philosophies. In addition INFO 200 is accepted by the University as the equivalent of its graduate writing exam.

Any student who is unable to make a B in each core class should think carefully as to whether this is the right program for them (some students will do better in a place based program) and whether this is the right degree for them.

If we see that you need to repeat a core class or classes you will be contacted by someone from our office to let you know that you have been placed on Administrative Academic Probation. You will be required to repeat the class as soon as possible.

Approximately two weeks before the end of Registration, MySJSU will allow students to enroll in a retake of a core course or elective. Check the Registrar's Calendar for the specific date.

Note: You will be given one opportunity to repeat the class.

Accessing Grades

Grades are posted on MySJSU, which is accessed via one.SJSU portal.

NOTE: It is strictly against University policy for the iSchool Office to give out student grades. The iSchool Office will not give out grades over the phone, e-mail, or in-person. Instructors may choose to personally notify students of their grades.

RD: Report Delayed

On occasion, students accessing their records may find an RD recorded for a course grade. RD simply means Report Delayed. This is merely a placeholder that the Office of the Registrar assigns when an instructor as not yet turned in a grade roster. Once the grade roster is turned in, the Office of the Registrar enters the grades. An RD has no negative effect on students' transcripts and is only a temporary placeholder.

Credit/No Credit

The iSchool offers several Credit/No Credit courses, including internship or practicum courses, special studies, field work, and culminating experience. iSchool students may have no more than 15 units worth of Credit/No Credit coursework as part of their total 43 units for the MLIS degree.

Letter-graded courses may not be taken on a Credit/No Credit basis.

Grade Appeals

Read the iSchool memo on grievance categories and process steps: Student Appeal Process.

See the University's policy on grade appeals (Student Fairness Dispute Resolution, section IV): http://www.sjsu.edu/senate/docs/S07-6.pdf.

Official Transcript Ordering Information

Your transcript is a complete record of all undergraduate and graduate courses taken at SJSU. This includes semesters, course information, grades, cumulative grade point averages, and degree if applicable. Courses taken at another school will not print on your SJSU transcript.

How to Order:

Current Students:

Login to your MySJSU Account, in Student Center, you will see "Order official Transcript link" on the right column:

Former Students:

Former students no longer have access to their MySJSU after 12 months and must order from Parchment, our vendor. You do not need your SJSU ID number to place an order.

PDF Transcript(s) is the fastest option and available to all students

Unofficial Transcripts:

Log into your MySJSU Account to access your unofficial transcript. See navigation to view your transcript via MySJSU. If you no longer have access to MySJSU, you must order an official transcript.

We do not print transcripts on campus – all transcripts must be ordered electronically through our vendor, Parchment.

Delivery Options and Order Processing

Faster - Digital Version

An electronic version of your transcript is available as Secure PDF files and typically processed within one business day.

Slower - Paper Versiont

This option is available to all students. Paper copies are placed in sealed envelopes. We process requests in 2-3 business days (not including shipping). Standard shipping is by first class mail and delivery times vary based on destination address. Other expedited shipping options are available for additional fees. Paper copies are mailed out and cannot be picked up.

Other Information About Ordering Transcripts

Costs:

San Jose State University does not charge for transcripts. However, Parchment charges $2.25 per copy to process online orders which includes standard U.S. mail delivery. They offer expedited shipping for an additional fee.

Cover Letters/ Attachments

If your institution requires you to include a cover letter or attachment with your transcript, you can upload a PDF version of your document when you place your order. We will include your attachment with your transcript.

Order Confirmation/ Status

After you place your online order, you will receive an email confirmation with your Document ID. You will receive another email when we have released your transcript for delivery. If you have questions about the transaction, contact our customer support team at (847) 716-3005 and provide your order number.

Additional Questions? Email the Registrar’s office at registrar@sjsu.edu.

Incompletes

Students who cannot fulfill all the work for a course due to a sudden medical or family emergency **at the end of the coursework** may be assigned an incomplete only if arrangements are made with the instructor. An incomplete must be made up within one calendar year immediately following the end of the term in which it was assigned.

All Incompletes of record must be cleared **prior to the start** of the semester in which the student is enrolling in INFO 289, MARA 289, or INFM 211.

IMPORTANT: iSchool faculty will only consider an incomplete if **most of the work** of the class has been done. Thus typically an incomplete is not even considered until close to the end of the semester (or close to the end of an intensive). If -close to the end of the semester (or the intensive)-a student is unable to fulfill the final project or assignment due to a sudden personal or family illness a iSchool faculty member may consider awarding an incomplete. These are the only reasons for which we will consider an incomplete. An incomplete will not be granted because a student is not doing well in the class and wants more time. **An incomplete will not be awarded if only a small portion of the work of the class has been completed.**

The university policy on incompletes from the latest catalog states the following:

The symbol “I” (Incomplete Authorized) indicates that a portion of required course work has not been completed and evaluated in the prescribed time period due to unforeseen, but fully justified, reasons and that there is still a possibility of earning credit. The student cannot reenroll in the course. It is the responsibility of the student to bring pertinent information to the attention of the instructor (regarding the unforeseen reason(s) for requesting an Incomplete) and to determine from the instructor the remaining course requirements that must be satisfied to remove the Incomplete. A final grade is assigned when the work agreed upon has been completed and evaluated. Clearing an incomplete grade does not permit retaking previously completed portions of the course, nor does it permit assignment of additional graded work (e.g., extra credit) that was not available to other students in the class.

An “I” must normally be made up within one calendar year immediately following the end of the term during which it was assigned.

This limitation prevails whether or not the student maintains continuous enrollment. Failure to complete the assigned work by the calendar year deadline will result in an “I” being converted to an “IC” symbol, or an “NC” for non-traditionally graded courses, unless the faculty member assigns a specific letter grade at the time the incomplete is

completed, which would replace the “I” in the student’s record.

To obtain an incomplete:

1. It is the responsibility of the student to bring pertinent information to the instructor regarding why they cannot fulfill the final work during the current semester and to reach agreement on the means by which the remaining course requirement will be satisfied. If the instructor agrees, the instructor will enter an “I” grade for that course for that semester.
2. It is a student’s responsibility to follow up with the instructor in terms of removing an Incomplete. The instructor will assign a final grade when the work agreed upon has been completed and evaluated. The instructor will then submit a “Change of Grade” form to the University for processing

International Students

As admitted iSchool students, you have already jumped the hurdles required for admission. Hopefully, with the information on this page, you will be able to better navigate other problems that might come your way.

Paying Your Fees

Fee payments from outside the United States can be complicated. Your fees will be due within 21 days of registering (fall/spring semesters and 15 days in summer). Be ready to pay early because the process might be lengthy if you have to transfer funds and deal with exchange rates and services fees. Be aware of numerical denotation of dates. In many countries, the denotation is day/month/year, in the U.S. it is month/day/year. Don't let this confuse you.

The SJSU Bursar's Office accepts the following methods of online payment:

- eCheck
- Credit Card
- International Wire Transfer

For step-by-step instructions on how to pay online, see How to Make an Online Payment.

There is no fee charged by either the University or per transfer for international wire transfers. However, the bank you use to send the wire transfer will probably charge a fee, so check with that bank for the fee schedule.

The Bursar's office will charge a non-refundable 2.9% service charge for using a credit card.

Online payment transactions must be completed by 11:50 p.m. on the Payment Due Date to avoid enrollment cancelation.

Student ID Cards

As international students, you can receive a student ID card, but you will have to ask for it to be sent to you each semester.

In order to obtain a Student ID card:

After paying fees special session students should:

- Send an email to the bursar's office
- In the email, state that you are an MLIS special session student and want a paper ID card. You must provide:
    - Name
    - Mailing address (the address will be verified with the address on file in my.sjsu.edu)
    - and Student ID number
- ***The request should not be submitted until after fees are paid.***

King Library Access

For library account and PIN questions, please contact:

Jeff Frank, Senior Access Services Coordinator

Phone: 408-808-2326

For all other King Library questions, contact:

Ann Agee, Library and Information Science Librarian

Phone: 408-808-2094

Canadian Students

If you need tax forms signed (Tuition, Education, and Textbook Amounts Certificate – University Outside Canada), email the form in PDF to Jason Kaltenbacher for signature. Make sure the forms are completely filled out including units and totals before sending them to Jason.

If you need forms signed for Canadian student loans, see the information for enrollment verification from the Office of the Registrar. You may contact them by email or call 408-924-5680.

Semester Leave

Once a student has enrolled for at least one semester, the student has the option of not enrolling for one semester. If a student opts not to enroll for one semester, no paperwork is required. Please note that newly enrolled students must attend for one semester before they are eligible for this semester leave. Also, students who are completing an RP are not eligible for semester leave.

Students who have attended one semester as a graduate student and are in good standing may leave SJSU for one semester (Fall or Spring) without applying for an official leave of absence. Students must return in the semester following the one semester leave or they will have to re-apply for admission. Students in good standing who re-apply within one year will be automatically admitted, and do not need to send transcripts. Summer registration is not required nor does it count as being in matriculation. (See "Follow University Registration Processes") Note: Leaves do not impact, change, or extend the 7 year rule for completing the graduate degree.

Students wishing to take a leave of two or more semesters (fall/spring or spring/fall), should read the University Policy section on "Leave of Absence and Withdrawal". (See Academic forms for a listing of all Office of the Registrar forms.)

If a student needs two or more consecutive semesters off, the student must submit a Leave Request **prior to the start** of the semester after a One Semester Leave. Fill out the Leave Request Form (online form). See tutorial below.

Extension of Existing Leave
A request for extension must be filed before the start of the semester following this leave period. The reasons for the extension must be the same as for the original leave. For a different reason, a new leave petition should be filed. The form is the same as the normal Leave Request Form, however, under "Special Leave Conditions" please select "Extension of existing leave."

Retroactive Leave Request
If you were not able to file your petition before the deadline, you can submit a retroactive leave petition with documentation indicating an inability to apply in advance of the leave period. Please note that retroactive leave petitions are rarely granted. The form is the same as the normal Leave Request Form, however, under "Special Leave Conditions" please select "Retroactive leave."

Early Return from Leave
For an early return from leave, it is your responsibility to notify the Office of the Registrar in writing.

If you have questions, please contact the Student Services Team.

Tutorial (MLIS, MARA, INFM, TL Credential, Certificate)

Before filling in this form, please consider the type of leave you are requesting and prepare the appropriate documentation:

- **Educational**
  You must attach a personal statement describing the leave activity and how it will enhance your educational program. At least one letter of support from a university professor must be included.
- **Health-Related** or **Primary Caregiver**
  You must attach a **personal statement** detailing the reason for your absence along with documentation that supports your request. Failure to provide enough detail may result in your request being returned to you. You must attach either **medical documentation** or the Healthcare Provider Verification of Medical Condition form. Divulgence of medical information is not required, but may be provided if desired.
- **Military**
  If you have a copy of your military orders, you will need to attach a copy to the request. If you do not have them, a copy will be required upon your return.
- **Personal Hardship**
  You must attach a personal statement indicating the nature of the hardship. In addition, please include supporting documentation (examples below):
    - Financial (Include bank statement, eviction notice, etc)
    - Increased work hours (check stubs, letter from your employer, etc)
    - Job relocation letter (letter from your employer)
    - Other
- You must include a plan by which you will bring yourself back to financial security or resolve the hardship. All documentation should be included in a single attachment as part of your personal statement.

Once you have prepared the proper documentation, proceed to the online form. (Do not use Safari to complete the form).

1. Enter your personal information
2. Answer the questions

Things to note:

- Students residing abroad are still considered special session students. Please select “No” for “Are you an international student”
- Students completing an RP in INFO 289 are not eligible for leave. If you are in RP status, you will need to maintain continuous enrollment and cannot take leave

3. Select the number of terms you are requesting leave for

Things to note:

- Only count Fall and Spring terms.
- Count from the first term you took leave. Even if you are filing the petition after your first semester leave, you need to count that first semester in the total terms you are requesting. (i.e. If you sat out Spring without paperwork and are filing the petition prior to take leave in Fall, you would still select “2” terms even if you plan to return that following Spring)
- Minimum number of terms is 2. You do not need to file a petition to sit out one semester

4. Select the type of leave you are requesting

5. Special Leave Conditions. Unless you are requesting an extension of existing leave or retroactive leave, please select “None of the above”

6. Select the term you are requesting to begin leave and return from leave. (If you’ve already sat out one semester, indicate that term as your leave of absence start term.)

7.

- Department Chair or Designee Name: Michael Stephens pp Anthony Chow
- Department Chair or Designee Email: michael.t.stephens@sjsu.edu
- Enter Department Chair Name and Email:

8. Complete and submit form

- Attach personal statement and supporting documentation (make sure you’re documentation is combined into a single attachment).
- Acknowledge that you’ve read the university policy on leaves of absence in the current SJSU Catalog.
- SUBMIT your form

Seven Year Limit

Graduate students must complete their degrees in seven years or classes will expire. This is part of Title V, California Code of Regulations.

Following determination that the seven-year time limit has elapsed for one or more courses the two options in the iSchool are:

1. Course Repeat: enroll in and complete the course again.
2. Transfer in a course (taken within seven years) from another accredited institution. Only 9 units can be transferred.

Note: The School of Information (iSchool) does not revalidate classes so revalidation of classes that exceed the seven year limit is not an option in the iSchool.

Questions? Contact Coordinator of Admissions and Academic Advising (Graduate Advisor).

Student ID

Regular Session Students: Tower Cards

Tower cards are available at the Tower Card window 6 through 9 located in the Student Services Center, at 9th and East San Fernando streets (on the first floor of the parking garage). Present your driver's license or other photo identification to have your picture taken.

For more information, see this Bursar's office page, and see this list of frequently asked questions.

Special Session Students: Student ID

Only Regular Session students receive Tower Cards. However, the form of student ID that is available to Special Session students will qualify them for library services and the Microsoft Office software discount at the bookstore.

In order to obtain a Student ID card, after paying fees, Special Session students should:

- Send an e-mail to the Bursar's office
- In the email, state that you are a Special Session student and want a paper ID card. You must provide:
    - Name
    - Mailing address (the address will be verified with the address on file in my.sjsu.edu)
    - and Student ID number

The request for a Student ID card should not be submitted until after fees are paid.

Special Session Students near San José

Special Session students who come to the San José State campus can obtain a student ID card at the Tower Card window 6 through 9 located in the Student Services Center at 9th and East San Fernando streets (on the first floor of the parking garage).
